

## Principles of Chemical Experiment (Chemical application-oriented institutions nationwide curriculum teaching materials)

Filesize: 5.05 MB

### Reviews

*A top quality publication along with the font used was intriguing to read. I really could comprehend everything using this written ebook. Its been designed in an remarkably straightforward way and it is only after i finished reading through this publication by which basically altered me, modify the way i believe.*

## PRINCIPLES OF CHEMICAL EXPERIMENT (CHEMICAL APPLICATION-ORIENTED INSTITUTIONS NATIONWIDE CURRICULUM TEACHING MATERIALS)

paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 189 Publisher: Huazhong Pub. Date :2011-08-01 version 1. Chemical Engineering experiment is to develop advanced engineering and technical personnel is one effective way. both to enable students to master the basic principles of a typical unit operation. but also enable students to master the process engineering problems. the students hands-on skills and ability to apply knowledge plays an indispensable role. Edited by the Sun Jintang chemical principle experiment. introduces the basics of chemical theory and experiment for a typical unit operation a total of 20 experiments. including fluid flow. solid fluidization. heat transfer. distillation. absorption and desorption. drying. extraction. membrane separation. supercritical fluid extraction. pipeline dismantling. chemical principles of experimental simulation. laboratory equipment. most of which comes with the workstation. either manually or automatically controlled. Principles of Chemical Engineering experiment focus on the theory and practice. emphasizing the engineering point of view and the actual ability. attention to improving the overall quality of students. institutions of higher learning for teachers and students of Chemical and similar professional use. but also for experiments in chemical and related research of graduate students and laboratory personnel for reference. Contents: The first part of the basic knowledge of chemical principles of experimental laboratory safety rules 1.2 1.1 experimental data recording. processing and test reports record experimental data 1.2.1 1.2.2 1.2.3 experimental data processing elements of 1.3 lab report on the experimental courses of Chemical Engineering teachers and laboratory technicians to guide the requirements of 1.3.1 the requirements of 1.3.2 of the instructor staff requirements of the experimental techniques 1.4 Principles of Chemical Engineering Lab 1.5 for the requirements of the students performance assessment methods. chemical principle experiment the second part of the...
